This is why we trained so hard on the ranges of Grafenwoehr. Screw reforge they were to damn late!! Battalion to brigade sized three dimensional RTS combined arms warfare (minus NBC) at its best! Very fast paced. Simnet at Ft Knox would be proud to add this into their scenarios. Late 80's to early 90's Nato vs Warsaw pact. All the major players are here and they've brought all the goodies to rain destruction down on each other. Dont look away or you'll lose half of your force in a blink of an eye.. Your Prestige has risen!. Fun game with some interesting puzzles, interesting storyline.. It's alright. Good game to kill time.. GREAT! A GOOD GAME! ENJOY IT!. Amazing game. If you like Break-Out clones with a twist, this game is for you. As other players have mentioned, you will have a good laugh to.. Fun Fun and more Fun. Love the music and the art style. Very cute and entertaining. Seems like they fixed the bug issues. Looks bug free to me. Give it a try!

Great concept!!!. Pros:

- Fast-paced action
- Great "management" feel in the heat of combat
- Simply fun gameplay
- Major satisfaction when you pull through in a tight situation

Cons:

- A bit repetitive - similar by nature to the previous installments

Another nice continuation to the UBERMOSH series, recommended.

7/10. its not gonna be for most people. Graphics and world design/art style

+ Well optimized

+ Having played its sequel (Eastshade) first, I was pleasantly surprised to find that Leaving Lyndow foreshadows many of Eastshade's events through small hints in the game world

- Incredibly short: I completed the entire game and everything in it within 40 minutes

- Essentially no replay value

Overall I'd recommend the game to someone who wants a very short, yet enjoyable gameplay experience; or someone who liked the world of Eastshade so much that they simply wished to revisit it again. However, I'd say that Eastshade is a vastly superior game in length, content, design and value for money, so go and buy that one instead if you haven't already.. Wow where to begin. I really love this game! It's a lot of fun and there is so much to explore. Hidden secrets, jokes, and puns galore. I never want to stop. I'm very happy with the fight sequences and the dialogue mid fight. As well the serious yet fun and joking humor is a nice touch. I'm excited to see if another game follows from Crankage Games
